● NF-05447

● Any colour possible

Specifications

↔ 44 mm

1,055 kilos/metre (Carre 44), 0,815 kilos/metre (Double 44, closed) and 0,785 kilos/metre (Double 44, open)

↗ 6150 mm

💡 Unlit

About the Carre 44

This small 3D profile with a beveled edge was designed especially for placing double-sided textile prints in L, U and O configurations. The depth of only 44 mm creates an elegant and modern appearance. For you, this means:

The advantages

- ✓ Various rectangular configurations
- ✓ A depth of only 44 mm
- ✓ Fabric on both the inside and outside
- ✓ Bevelled corner for a less visible and sleeker profile

Mounting

Freestanding

Freestanding frame with a textile on both sides.

Attached to the ceiling

Frames suspended from the ceiling. Both horizontal as well as vertical suspension is possible.

Finish

Open

The outer groove facilitates the usage of accessories.

Closed

An even finish. If desired, holes can be drilled in the profile so that accessories can be attached.

Possible configuration

L-configuration

A basic setup for freestanding exhibition stands and partitions.

U-configuration

A more elaborate setup for freestanding exhibition stands and partitions.

O-configuration

A complete stand-alone setup to use as storage space or as a separate meeting room on the exhibition floor.

Correcting the fabric

L-configuration

A correction of -44 mm on the width of the fabric (in relation to the outer size of the frame).

U-configuration

A correction of -44 mm on the width of the fabric at both ends and -88 mm on the width of the inner fabric (in relation to the outer size of the frame).

O-configuration

A correction of -88 mm on the width of the fabric (in relation to the outer size of the frame).

Stabilizers

Stabilizers

In order to guarantee the stability of the frame, stabilizers must be placed in the frame. This way the construction is sturdy.
